## A Living Lent That Changes the World

The Justice Promoters Team of the Sisters of the Presentation, Dubuque, Iowa, offer a simple calendar of justice actions that unites us in our common journey through Lent. This Lent, as we commit to small everyday activities, know that these actions ripple beyond ourselves. Everything we do has a global effect. We offer a connection to the Sustainable Development Goals that world governments have committed to implement by 2030. May Lent change our lives and our world.
